

**April 1, 2013**

**March Club Meeting.** A dozen club members and two guests came out to the March CVSR club meeting held at Rick Paya Motorsports in Milton on Saturday morning March 16.

Here is part of the report from temporary Secretary Tim Sargent regarding the tour of the shop:

The tour of RPM engine shop by owner Rick was excellent. Rick has two new milling machines, one for performing valve jobs and other head work, the other for decking blocks and heads. The new machines are semi-automated and fast, reducing human error. For example the valve machine can cut all the angles at once using a carbide cutter resulting in a consistent valve job in less than half the time of using conventional grinding stones.

Other machines were explained including a block boring/honing machine, and a crank/rotating assembly balancing machine.

We toured the engine dyno room. Rick explained the many sensors and data collected by the dyno and how he uses that data to tune the engine.

We then toured the newest section of his shop which housed a chassis dyno and several race cars.

The club then headed to the Apollo Diner in Milton for an excellent meal.

**March Meeting Dinner and Party.** We are all set for our March Dinner and Party to be held once again at **158 Main Street** Restaurant in Jeffersonville. The date is **Saturday April 13**. We have been there several times and it has proven to be an excellent place for our festivities. **Happy Hour is 5 PM until 6 PM** followed by the dinner. (Note that the March newsletter had different hours) Paper Plate Awards and other awards are encouraged. Each member and guest will pay \$7.00 each; the Treasury will handle the rest.

**Northeast Street Rod Nationals.** At the March meeting the club voted to once again participate in the Scavenger Run and the Repair Shop at the annual NSRA Northeast Street Rod Nationals. We always have lots of help, have lots of fun and get lots of satisfaction from this event.

**Summer Events Committee.** At the moment we have no one to serve on the Summer Events Committee. The committee should meet soon to draw up the summer events. We will try once again at the April meeting to come up with committee members otherwise we will simply try a summer without events offered by our club Here are some suggestions for our summer events:

**Summer Meeting Locations.** We have places to hold our club meetings through the second meeting in June.

May 7 Don Sullivan  
May 21 Gabe Gagne

June 4 Harold Douse  
June 18 Tim Sargent
