

maybe it's the
REGULATOR

Art and Marion left for vacation last Friday so I (Harold) agreed to finish up the newsletter and send it out. The word processor Art uses and the one I have are not communicating so the Regulator has a different look this month. All will return to normal in Sept.

Meeting Aug 3, 7 pm at Bob Brunette's in Fletcher.
August 1, 2010

July 6 CVSR Meeting We had quite a lineup of street rods at Harold Douse's on July 6. Several folks took pictures that will surely show up on our Internet site or elsewhere. We talked about the apparel order and who wanted to order shirts, caps, etc. Ellis has the catalog and will pass it on to someone else when he has determined his order. After the meeting we cruised up to The Georgia Farm House Restaurant to get Ice cream and relax on the side lawn. Former club member Bob Latimer was up from Florida and joined us at the meeting and for ice cream.

July 20 Meeting. This meeting was more of a fun meeting as ten of us convened at the A&W in Middlebury. Matt on his new motorcycle and Art and Marion in their '55 met Stan at his place and we cruised on down to Middlebury where we met Bob and Gloria in their Caddy convertible, Harold and Kookie where all ready there. Smufie was photographed and will have a place of honor on the Frosty Bar Bulletin board. Larry and Sharon introduced us to their recently painted '46 Dodge pickup. (Lookin' good!) Had a nice relaxed dinner at the picnic tables in the shade.

RAVE Show

A few members of our club went to the RAVE Show in Rutland on the weekend of July 10 and 11 Saturday was a rain out. Attending from the club on Sunday were Gabe and Larry in Gabe's Impala convertible, Stan drove his yellow 30 coupe, Harold in the 41 Smurf pick up, Chet and family cruising in the Nova. We took a peek in Chet's garage at the progress being made on his 56. Very nice Chet! We joined Bob and Janet under the canopy for an afternoon of story telling. Not to brag but Harold's 41 pu, which is the excellent work of others, took 3rd place in its class.

SYRACUSE RIGHT COAST SHOW July 15-17 Bob, Janet, Harold and Stan were joined by future members maybe Donny and Wife for the drive to Syracuse. The trip began with breakfast at the Bridge Restaurant and a ride over to New York on the ferry. We joined about 7400 other vehicles at the fairgrounds on Friday morning. We were visited by mother nature in the form of a few rain showers Friday, one morning shower got serious. Saturday the weather was super. This was our 3rd trip to the show and we are always impressed. Along with the 7000 plus show cars there are 300 vendors, a flea market for those hard to find treasures as well as a bunch of future projects in the car corral.

The evening show consists of flame thrower's figure 8 racing, lawn mower racing, fireworks, and a demo derby. The entertainment program is different every year. For us the watching the parade of cars leaving the grounds is grand entertainment.

One of our favorite displays this year was the old school hot rod display. 20 plus cars with plenty of natural bone yard bones, Not a fleck of paint or chrome in the building, Lots of flathead power and vehicles chopped and channeled to the max. One example was a channeled two door sedan using a nice mix of auto and farm machinery parts. It had biggies off a truck in back and tractor tires in front. The interior was done over with seats from abandon horse drawn implements. Was that the one with 4 wheel disk and 413 cross ram Chrysler?

Jan and Linda's Picnic

Jan said 10 club members and 4 guest came to the picnic. His thoughts are having the July picnic on a Tuesday meeting night seems like I better idea than trying to do it on a weekend
Just to much stuff going happening on the weekend!

MAZZA SHOW. Four cars from the club attended the show Jan, Bob, Stan, and Don's new ride.

The show attracted 111 cars!

August 13-14-15 Stowe VAE Car show

Aug 17 meeting @ Tims or Swanton Pizza.
