

August 1, 2011

- **July 19 Club Meeting** We had pretty good attendance at the July 19 club meeting at the A&W in Middlebury. Dan, Larry, both Bobs, Harold and Art and their spouses plus Stan were there and enjoyed good food and talk in the cool of the evening at the picnic tables. Being the second meeting of the month we tabled the business end of it and just had a good time.
- **Mazza's Muscle Night** The sixth annual Mazza's Muscle Night was held Saturday evening July 23. This event is really getting popular! The parking spaces at the "strip mall" as well as beyond it and even across the street were pretty much all taken up with lots of customs and street rods including many that haven't been seen before. Bob L. and Jan and their spouses plus Stan from our club were there. (None won any of the prize giveaways.)
- **CVSR Thirty Year Anniversary** There are only two more meetings before the club's Thirty Year Anniversary of the founding of our club. This celebration will be Saturday August 20 so the meeting dates of August 2 and August 16 will be very important ones for us to bring together everything pertinent to the big party.

The tee shirts (34) have been ordered from Vermont Sportswear. If you have not paid for yours yet please pay Dan.

The invitations (83) have been sent out. We have had ten come back as "bad addresses". A few people have said they are coming at this point.

Here is what we need prior to the big day:

We would like to have a good variety of **food** without too much of one kind and not enough of another so please talk with Larry and decide what you would like to bring that fits in with what we already have.

We need **pictures and memorabilia** to display. Pictures of our guys and others from rod runs and car shows would be great. Put an i.d. on the back so we know who the people in the picture are and so you can get them back after the party. Bring these items to one of the upcoming meetings. If you can't make either meeting but have some items tell Harold so he can count on them being there the day of the event.

We need **unusual auto parts and tools** to display as part of the "Name the Part" Contest. You may recall how successful the contest was one year at the Pizza Party in Swanton. Round up some parts and/or car repair tools that you have that are related to street rods but are a bit difficult to identify and bring them to a meeting so Art can collect them and make an arrangement on a table with questions for each one. If you still have the part(s) you brought to the Pizza Party that would be fine or if you have some different ones, that would be even better!

We need some **prizes**. We have several now but some good new or nearly new unused auto related prizes would be fine. No need to bring them to a meeting but let Art know so he can plan on how many total prizes there will be and how to make the awards.

We need some **trivia contest questions**. Questions that are moderately difficult and are related to our club and street rods are preferred. Give them to Art.

Let's try to get all of the above done at the August 2 meeting so the August 16 meeting will be more of a relaxed meeting since it is the second meeting of the month.

- **CVSR Meetings**

- August 2 Dan Sargent's
- August 16 Bob Brunette's
- August 20 CVSR 30<sup>th</sup> Anniversary Party

- **Upcoming Events**
