

August 1, 2012

Another Double Header Saturday July 21 was another day with two events for CVSR members to attend. Six street rods were lined up at Paya's Auto Sales in Williston from 10 AM to about 2. Larry, Don, Stan, Bob B. Harold and Art participated. It was a beautiful day to hang out under the shade of the big trees. About 11:30 we hopped into one of their vans and Don drove us over to the other Paya's lot in Colchester where we did a tour of the yard which has about 800 salvage cars that they use to rebuild their cars that will eventually be up for sale. They sell parts to the general public as well. We also looked through their rebuild shop where about ten mechanics work on the cars. Pretty clean and well organized. Then back to the Williston place.

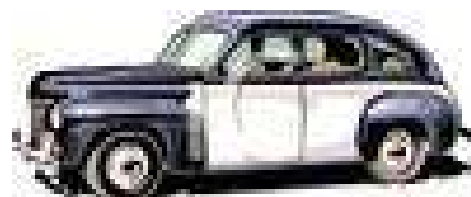

Later that afternoon the annual Mazza's Muscle Car Show was held at Mallett's Bay. This show is usually well attended and this year was no exception.

July 23 Club Meeting The club established an all time low in attendance at Stan's as only five members showed up. Guess most everyone was busy with other projects. Those who came had a good time however looking over two of Stan's projects, the most current one being a chopped '46 Ford pickup on an S-10 frame that is looking good with lots of potential. Those that didn't go missed out on an awesome good cake that Stan provided. Yummy! Cake wasn't enough though as we adjourned and went up to Charlotte to Uncle Sam's Drive-In for ice cream.

Sept 29 CVSR Fall Party at Larry's. Note that the date has been changed from Sunday to Saturday.

October 12 OMYA Tour in Middlebury

Club cars being built. It seems like there are always a few members in the club that are working on cars. Good! It looks like we have several guys working on long-term projects:

Dan Sargent-- '49 Chevy slantback

Stan Morrow-- '46 Ford pickup

Gary Bruening-- '48 Chrysler sedan

Bob Brunette-- '34 Plymouth and '38 Cadillac

Jim Ricker-- Always lots of projects going on

Bob Landry-- Factory Five '33 Ford roadster

Club Directory Harold and Art are working on a new Club Directory. The list of members is done and being checked at meetings. Those that attended the meeting at Stan's corrected errors if any and we will do the same at the next meeting and hopefully get enough checked as OK to then give out copies to everyone.

Next Meeting. This coming Tuesday at 7 PM Art and Marion will host the first meeting in August. Come on out!
