

February 1, 2010

January Club Meeting Fourteen club members and spouses had an excellent visit to Gordie Adams' machine shop in Milton on Saturday morning January 16. Gordie has an awesome setup there with lots of lathes, mills and other specialty equipment for making race car, street rod and other parts. He told us about his business and all the things he does there. We had a brief club business meeting and then went to the Milton Diner for lunch.

Next Club Meeting Our next club meeting will be at Mike LeMire's Upholstery Shop in Richmond. Mike is a very experienced and well respected upholsterer in this area who has done the interiors of lots of classics and street rods including Bob Brunelle's '32 Reo and several of Ken Bessette's cars. The meeting is **Tuesday night February 16** at 6:30. Richmond Upholstery is at # 157 East Main Street, Richmond. From the 4 corners on Rt. 2 in Richmond head east toward Bolton. Mike's is the 10th house on the left. He has an upper and lower parking lot that should accommodate us. He's working on a '34 Ford Sedan, a '55 Jag XK-140, and a Rolls Royce! Not sure what cars will be in the shop on that day. Note that **the meeting is at 6:30 rather than 7:00**. This is best for Mike.

Winter meetings. Here are the remaining winter meeting places. March meeting has not been confirmed, April meeting is tentatively scheduled.

February- Mike LeMire's Upholstery Shop

March- Vermont Engine Shop

April- Jim Ricker's Auto Shop

Club Plaques If you ordered a decorated club plaque it is finished and will be brought to the February meeting.

Dinner/Party The 2010 edition of the club dinner/party is being worked on. Tentative date is about the third week of March. Bob Brunette has the particulars about going back to the Stonegrill Restaurant in Morrisville and has researched the possibility of going to The 158 Main Street Restaurant in Jeffersonville. Ev Peyrat is working on Zachary's in South Burlington. Any other ideas would be welcomed at the next meeting. We would like to get this all taken care of at the February meeting so please come prepared to give any information you have regarding same.

Want to make \$300? A Newsletter Member, Car Bickmore has a '64 Oldsmobile F-85 that he would like to sell. His asking price is \$5900. If you would like to buy it...fine! But if not, perhaps you would like to take it to car shows and try to sell it. If you get a buyer for the asking price Carl will give you \$300. If you negotiate a higher price there is a 5% seller's fee. Some of you do not have street rods or custom cars so perhaps you would like to take Carl up on the deal. You could also put it on display in front of your house if your house is on a busy street or highway to attract a potential buyer. The car is a four door sedan with a V6 235 CI engine. Five new tires. Seat belts and shoulder harnesses. No rust. Nice car! It may need e-brake and accelerator pump work. He has all the papers. Call Carl at 872-2685.

Fellow Pages I have all NSRA membership numbers except those of John Martell, Ellis O'Hear, Ken Hoadley and Joe Myers. I will be sending in the list for the upcoming Fellow Pages about February 4 so if I don't hear from you four guys I will send it in with the space for number blank.
