

January 1, 2010

**Happy New Year!**

- **January Club Meeting** Ellis has been working on our January club meeting and has come up with what appears to be a great place to go. We will be going to Gordie Adams' machine shop in Milton on **Saturday morning January 16**. Get there between 9:30 and 10 AM. His place is on Middle Road in Milton. From the corner of Route 2A and East Road in Colchester it is three miles. (East Road becomes Middle Road in Milton) Go north from the intersection of 2A and East Road past the Colchester Paintball place on your right. Stay left at the intersection of Farnsworth Road, go over the railroad tracks and Gordie's place will be on the left. There will be some tractors and a white "dually" truck in his yard. From the Milton area go south on Middle Road and it will be about three miles on the right.

- **Winter meetings**. Here are the remaining winter meeting places. Only the January meeting at Gordie Adams' is confirmed at this time.

**January-** Gordie Adams' Machine Shop, Milton

**February-** Mike LeMire's or Rick's Upholstery Shop

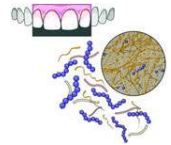

**March-** Vermont Engine Shop

**April-** Jim Ricker's Auto Shop

- **December Meeting** We had quite a group attend the December meeting at Dan Sargent's place. Art gave us a primer on basic pinstripping that was well received. He was "rewarded" by winning the Luck of the Draw of \$10.00!

- **Club Plaque** If you ordered a decorated club plaque it is being painted and hopefully will be done by the January meeting.

- **Poker Run Committee.** The CVSR Poker Run Committee met on Tuesday evening Dec 29 and came up with a general plan for the Poker Run 2010:

Name of the event will be changed to Scavenger Hunt.

Participants will pick up map, questions, etc. some time Friday morning at the Repair Shop.

Participants can go out on the Hunt anytime Friday or Saturday; must be back by 5 PM.

No one need be out on the area to give out card draws.

Participants will be required to identify certain landmarks, store signs, item prices, etc.

Participants must have at least five of eight questions answered correctly for a chance at the prize.

If participant gets all eight answers correct he gets 6 entries in a drawing. If 7 correct he gets 5 entries, etc.

Drawing will be made at the Sunday Awards Ceremony. First draw gets a plaque, second a \$100 gas card.

All the above subject to club and NSRA approval.

- **Dinner/Party** The 2010 edition of the club dinner/party is being worked on. Tentative date is about the third week of March. At present Bob Brunette is enquiring about going back to the Stonegrill Restaurant in Morrisville and Ev Peyrat is working on Zachary's in South Burlington. Any other ideas would be welcomed at the next meeting.

- **Christmas Card** The club received a nice Christmas card from Dick Japhet, the fellow that provides our club jackets and logos.

- **Glenn's new house** Glenn tells us that the "slab" for his and Gin's new house has been laid in Jonesborough TN. Here is a picture of it as well as a picture of a house that theirs is being modeled after. He will make modifications of this design with the main mod being that the garage will be separate.

We'll read a letter from Glenn at the next meeting

## Mini Tech #1

We often wear latex gloves while working on our street rods or while painting. Be sure to take off your gloves before operating any zippers as the latex just loves to get tangled up in a zipper!

## Mini Tech #2

We often select a waterless hand cleaner such as GoJo to clean our hands after a session working on our street rod. A handy alternative is Softsoap, an antibacterial soap which has a handy pump dispenser and needs no water for cleanup. It can be purchased at any grocery store or Costco.
