

**July 1, 2013**

**Summer Events** We seem to be doing pretty well coming up with summer events although we didn't have an Events Committee Meeting this spring.

Cars and Coffee at South Burlington High School has been a bit of a disappointment street rod wise as only two street rods were in attendance both at the May event and June event. There were plenty of nice vehicles to see however so consider driving your street rod over to the school for the next one in July. Check out the events we have proposed as-we-go so to speak.

**July Events**

*Essex Automotive Services Wednesday Night Cruise-Ins.* Wednesday evenings, 5:30-8:30. Sausage Shack is the food concession.

*Sparetime Bowling Center Cruise-In.* Near Costco in Colchester. Wednesday evenings, starting about 5. Sponsored by Vermont Custom Auto.

*Malletts Bay Cruise-In.* Bay View Eats near Colchester Town Recreation Area. Thursdays 5-8PM

*Cars and Coffee of Vermont.* Third Saturday of each month during the summer. South Burlington High School. 7 AM to 9 AM.

July 2 **CVSR Meeting** at Art's in Colchester.

July 4 Richmond Fourth of July celebration.

July 6 **CVSR Club trip** to Bear Ridge Speedway in Bradford.

July 13-14 RAVE Car Show in Rutland.

July 16 **CVSR Meeting** and cruise-in to Middlebury A and W.

July 20 Cars and Coffee of Vermont.

July 19-21 Syracuse Nationals.

July 20 Mazza's Muscle Night Mallett's Bay Colchester.

**Bear Ridge Speedway** Four club members who were at the meeting at Tim Sargent's June 18 decided they would like to have a club trip over to Bear Ridge Speedway in Bradford to take in some Saturday night racing. Dirt track racing has been going on over there for quite a few years. The date has been set for **Saturday July 6**. If you want to join the group meet at 4 PM at Exit 7 of Interstate 89 which is the Berlin Exit. Look for a park-and-ride near Applebee's Restaurant. We will decide who drives from there on over to Bradford. Racing starts at 6 PM.

**Bakersfield Parade** I received a phone call from a fellow who would like to have some street rods in the Bakersfield Fourth of July Parade. If you would like to be in the parade be at the Bakersfield Elementary School at 11:30 AM on Saturday July 6 (Not the Fourth!) To get there Route 36 is in better shape than Route 108 which has some problems. Call Art for more information.

**Middlebury A&W** Our club has had at least two July Meetings/Cruise In's at Middlebury's A&W Root Beer just south of town. We have another scheduled for July 16. Arrival time is a bit casual but doesn't matter too much as we will simply have our evening meal there maybe with some ice cream and enjoy the picnic tables and the nice scenery. If there is any important club business we can tend to that as well.

**Irene's Truck** Plans are coming together pretty well for putting together a story for Streetscene Magazine about former club member Paul Daigle and the work our club did on the '56 Chevy truck during the winter of 2012. Irene would like to have the article done and so we will be putting the story together and a photo or two will be taken during Larry's end-of-season picnic at his place. Irene and her daughters and Dan Nolin are invited to the picnic so we will have quite a group in the picture. This isn't until early October but keep it in mind.

**Check it out** John Keefer is a long time engine and race car builder in the area. One of his dragsters is at Jim Ricker's in Colchester where we went for a meeting one time. Jim invites us over to check it out any time.

### Summer Meeting Locations
