- **Brian's Old Cars.** This newsletter is a day or so early so that we can get organized for our trip to Brian's Old Cars in Washington, VT. It is a go for this coming Saturday morning May 30. We will meet at 8:30 AM at the Richmond Park and Ride right near Exit 11 in Richmond. We are scheduled to get To Brian's at or before 10 AM. Once again we can perhaps find a good place to eat on the way back home. Those who indicated that they want to go are Tim, Art, Paul, Dan, Glenn, Harold, Dave, Stan and maybe Bob Brunette. All of the above possibly would want to meet at the Richmond Park and Ride. If you plan not to meet there please contact Tim or if you did not attend the last club meeting and would like to go please contact Tim and let him know. Brian says to wear appropriate footwear as it could be wet. Looks like we will have some more rain to aggravate this situation.
- **June 2 Meeting** Our CVSR club meeting for the first week of June was scheduled for Harold's but has been changed to Jan's.

Brian's New Acquisition Brian Martin has recently

- purchased the '61 Oldsmobile four door that was rescued from destruction by Dan Sargent. It needs lots of work so if anyone comes across front fenders and left quarter panel at a reasonable price please let Brian know.

- **Web Site Under Construction.** At long last the CVSR Club Web Site on the Internet is getting underway thanks to Tim Sargent. He is busy doing the ground work of designing the site and collecting information for it. Let's all contribute to the site by way of Tim to make this a success and keep it up to date. It will no doubt go a long way in promoting our club and letting people know who we are and what we do.
- **Temporary Treasurer** Since Bob Brunette will be going in for a second knee surgery June 1 Larry will take over temporary control of the Club Treasury. Good luck to Bob on the surgery and we all hope it goes smoothly.
