- **CVSR Thirty Year Anniversary** The plans are coming along well for the club's Thirty Year Anniversary event in August. There was much discussion of the event at the last meeting at Bob Brunette's. The committee for this event met Monday, May 23 at Harold's. We came up with a pretty good estimate of costs and will discuss that with those that attend the next meeting at Gabe's. Art has started getting quotes for tee shirts.

- **Essex Automotive Cruise-In** Weather hasn't been too good this spring which no doubt has curtailed some events but this past Wednesday May 25 was a good weather day and the parking lot at Essex Automotive was packed with lots of cars for the weekly Cruise-In. There weren't many street rods there however so on June 15 and July 13 let's have lots of CVSR folks show up with their street rods and other cars.

- **Lone Pine Car Show** CVSR put on a car show at Lone Pine Campgrounds in Colchester. After we discontinued the event in 1996 we helped them with a car show of their own and they have been doing one every year or most every year since. Stan tells us he spotted a flyer that advertised a show this year for Saturday June 4. The site is very nice and the show can be a fun one so CVSR members are encouraged to attend. Not sure of starting time but surely by 10 AM and they usually have prizes and food.
- **New Member** We welcome a new club member! He is Carl Dudley who lives near Matt FitzGerald in Fairfax. He was sponsored by Brian Martin. Carl has several vehicles, among them a '55 Chevy two door sedan, '56 GMC Stepside, '58 Chevy Fleetside and a '67 Chevelle. His wife is Trudy; we welcome her too!
- **Ken Hoadley Returns!** Ken and Mary have been traveling the country but have returned home and are now able to attend some meetings and join in with club events. Ken and Mary just celebrated their 40th wedding anniversary May 31st so we congratulate them and hope that some CVSR members were able to attend the festivities.
- **Not gonna do it!** The heavy deluge of rain on and off in the past month has affected lots of folks in this area with flooded roads, lakeside damage, etc. Your Secretary and NSRA State Rep has had to cancel the first part of his trip to Pennsylvania to the Nat's East, etc. due to near constant water seepage into his basement with practically round-the-clock water vacuuming which leaves little good time to prepare to leave much less daring to leave lest it continue to rain and do further damage. He may attend the June 7 club meeting and leave town soon after. That's the plan anyway!
