May 21 Club Meeting Only 10 club members came out for the May 21 meeting at Gabe Gagne's in St. Albans. Don't blame the absentees too much though as it looked like a heavy rain night and heavy rain it was as about quitting time it really poured and there was lots of lightning. Harold had quite a time getting home in his street rod truck as the wiper is a bit slow. We did discuss a couple of items of business during the meeting. We may revise the way we charge our newsletter members to make it easier to keep track of when they pay. Gary suggests we make a plan to pay refreshment costs for hosts for our club meetings. Both discussions are on hold at the moment.

Summer Events: There was quite a write-up of summer car events in the Burlington Free Press on May 17. Author was Ted Ryan. Between that article and several other sources we hope to get the information about car shows and cruises, etc. at least in the greater Chittenden County area for the summer. Those in attendance at the May 21 club meeting indicated that listing the upcoming month's events in The Regulator would be satisfactory.

Word is out from a couple of our club members that the Cars and Coffee event on May 18 at South Burlington High School was a success with a couple of dozen cars in attendance. It will no doubt be worthwhile giving this event a go for the next scheduled one in June. Looks like the date is Saturday June 15 which gives us three local events to go to on that day, Cars and Coffee, Heaven on Wheels and Athens.
