- **May 3 Meeting.** The first CVSR meeting of May will be held at Art's in Colchester. We will tell you all about the thoughts of the Thirty Year Anniversary Committee that met on April 25. The group has done a pretty good job of making basic plans for the event and is looking forward to getting the club to OK the plan and implement it. Please feel free to park in either driveway at Art's however the front grass is quite wet and will take a beating if parked on. Please stay on the pavement if you park in front. Thanks!
- **CVSR Thirty Year Anniversary** Here is the suggestion in a nutshell:

To be held at Larry Tyler's home in Georgia on August 20, 2011.

 Special parking arrangement of street rods.
 NSRA street rod inspections
 NSRA Appreciation Day and pin giveaway
 Invite former members of the club from a list that we have.
 Have invitees respond so we know how many are coming.
 Members bring food.
 Club buys meat and drinks.
 Big cake and ice cream.
 Games, prizes, giveaways 50/50 etc.
 Music
 Pictures of past runs, etc.
 "Sign a Fender" Event

All of the above is simply a suggestion at this point and should be discussed and no doubt changes and additions will be made.

- **Congrats to Gary.** We have learned that our own Gary Bruening has recently been honored with The National Collegiate Athletic Association Service Award. Gary has been very busy for many years coaching UVM Gymnastics and supporting the sport on the college level at many national venues. Congratulations, Gary!

- **A Fellow Pages Moment.** Those of you who belong to NSRA know about The Fellow Pages, the directory which links street rodders all over the country. Art recently received a call from two street rodders from the Montreal area, one of them Mario Fortin who came to many of our Rod Runs at Lone Pine Campgrounds. He purchased a car in New York City and wanted to leave it in this area Easter weekend since he would have to complete paper work in order to get the car across the border. Art sent them on to Don Sullivan who allowed them to park at his place for a day or two. Thanks Don!

- **CVSR Scholarship.** The annual CVSR scholarship has been awarded to Matthew Bortz of St.Albans who has been attending BFA of St.Albans and will be attending Vermont Technical College in the fall. Two members of our club, Art and Jan as well as three people from outside the club, Bill Aaskov a former member, Jon Hemsted and Jan's neighbor Greg looked over the eight applications and came up with the winner. This \$500 annual scholarship continues to be a very worthwhile event to do to help out a young person headed for a vocation in the auto related industry.
