

Lots of Events! As we wind down the summer and fall commences we see that September will be busy and that we have lots of summer events behind us. Many members have gone to lots of events all over the area this summer. Our rodders have gone to Ticonderoga, Devil's Bowl, Bradford, Newport, Williston, Colchester, South Burlington, Stowe, Milton, Windsor, Richmond, Rutland, Syracuse and other places. At the Milton Car Show Stan, Bob L. and Janet, Jan and Linda, Harold, Dan and Ann from our club attended and they were glad to see former club member Chet and Connie Hawkins there. It was great to see Connie up and about!

A Year Ago. Looking back at just a year ago we surely have good memories of when we worked hard to put on the 30 Year Anniversary of CVSR. We'll probably agree that it was a resounding success with so many former members and friends attending. The food was excellent and we had fun with the trivia and name-the-part contests. We all had on our new anniversary tee shirts. We are still hearing from our guests about how much they enjoyed it.

Upcoming Club Events

September 4 CVSR Club Meeting at Harold's in Milton. We'll go on an ice cream cruise to Seb's Snack Bar in South Hero. There will be a couple of NSRA show things to do; pretty brief.

Sept 18 CVSR Club Meeting at Bob Landry's in Essex. This is primarily for preparation for the NSRA show.

Sept 21-22-23 NSRA Street Rod Nationals *plus* at the Essex Fairgrounds.

Sept 29 CVSR Fall Party at Larry's. Note that the date has been changed from Sunday to Saturday.

October 12 OMYA Tour in Middlebury

Scavenger Run Trial! The annual Scavenger Run Trial is getting pretty popular! Nine vehicles, street rods, customs, a motorcycle and "civilian" cars went out on this year's Scavenger Run Trial Saturday August 25. Dan and Tim did their usual fine job of setting up yet another route that we tested. We went to the sites and found the answers to the

questions and had a good cruise visiting some nice areas in Vermont. We once again ended up at Hoagie's in Essex Center for a late lunch. Dan and Tim will now toss out some of the not-so-good questions and modify the route description so the folks who go on the run at the Northeast Street Rod Nationals *plus* next month will enjoy Vermont and this event.

Insurance is Paid. We have paid the insurance premium for another year so we are covered for the Rod Repair shop and any other CVSR sponsored event that we will put on during the upcoming year. We thank the Connecticut Street Rod Club, the Irene Daigle '56 Chevy Project and club dues for making this possible.

CVSR Entertains Cub Scouts. The Three Rivers District of the Green Mountain Council Cub Scouts invited CVSR to show off some of their street rods and customs on Tuesday August 14. Bob with his Pink Lady, Jan with his '41 Buick, Stan with his '30 Ford, Larry with his '41 pickup and Art with his '55 Chevy went over to the Essex Fairgrounds and gave 57 young cubs quite a thrill! Art introduced the group and gave them some general information and then the cubs broke up into smaller groups. Each group went to one of the cars. They asked us lots of questions about our cars and had us sign the backs of their tee shirts...celebrities that we are! The groups then switched cars and we did it all over again. We did a good deed for the scouts and maybe some day they will have street rods of their own. Thanks go out to the five CVSR members who gave of their time for this event.
